

Name _____ Block _____ Date _____

Genetic Technology & Applications Notes

In general, what are genetic technologies & applications?

In general, what is the purpose of genetic technologies?

Why are all of these technologies possible?

What does the universal similarity of the genetic code suggest about the relationships among all organisms on earth?

Technology	Description	Uses / Examples
DNA Sequencing		
Recombinant DNA / Genetic Engineering		

Name _____ Block _____ Date _____

Technology	Description	Uses / Examples
Cloning		
DNA Fingerprinting		
Karyotyping
