

Name _____ Date _____

Succession Homework Mini Poster

Create a mini poster of either primary succession or secondary succession. Be as creative as you like- you may even create your own disaster scenario.

Include the following information:

1. The type of disaster that has occurred
2. The type of succession you are demonstrating
3. The type of land your succession is starting with (is it all rock or is there soil?)
4. The various stages of plant growth, starting with pioneer species, ending with climax populations.
